Shipping Conditions

ALL SHIPPING ARRANGEMENTS WILL BE CO-ORDINATED THROUGH JANAH MANAGEMENT CO LTD AND THEIR APPOINTED SHIPPING AGENTS.

The Dubai Racing Club (DRC) will offer, through Janah Management Co Ltd and their appointed agents, to co-ordinate the shipping of horses to and from Dubai after 16th December, 2017 for the 2018 Dubai World Cup Carnival (DWCC).

The DRC will cover the cost of return air freight for each horse accepted into the Dubai World Cup Carnival, based on three horses per pallet on existing scheduled service cargo routes, from their country of origin, or nearest country/airport with scheduled service cargo routes to/from Dubai and return to the same point, together with affiliated charges for UAE Import/Export. For UK/EU origin horses the use of Janah operated charter flights will be optimized and wherever possible will be used in preference to scheduled line flights.

Should owners wish to make alternative arrangements relating to the return of their horses, they will be responsible for all charges applicable to this change.

Unless sold, all DWCC horses must leave Dubai as soon as transport arrangements have been made. Owners wishing to leave their horses in Dubai after the 2018 Dubai World Cup Carnival must gain approval from the DRC.

Horses that remain in Dubai 30 days AFTER the 2018 Dubai World Cup meeting will forfeit their return transport subsidies. Unless, in the case of EU horses, they immediately enter the official 30 day EU return quarantine facility following the Dubai World Cup Meeting.

The cost of road transport from Dubai International Airport to the DRC Quarantine Stables and the return route will be covered by the DRC.

Horses travelling from GCC countries will receive a travelling allowance based on the current commercial rate as determined by the DRC.

Where charter costs are involved, reimbursement will be at the discretion of the DRC and Janah Management Co Ltd.

Any international horse subsequently INVITED to run at the Dubai World Cup Meeting on 31st March 2018, which is already resident in Dubai, will be eligible for further benefits as per the Dubai World Cup policy.

PLEASE NOTE: Trainers' staff will not be able to travel with their horses due to the current security and clearance procedures.

Shipping Conditions

IMPORT CONDITIONS

Horses from all countries will need to meet, as a minimum, the UAE permanent import conditions appropriate to the country of origin.

Whilst in the UAE carnival horses will be stabled in regional groups in a designated quarantine facility separated from local horses. Access to these areas will be restricted.

PLEASE NOTE: Horses entering the UAE which the connections wish to send to a local stable for training (non-isolation stables), must meet UAE permanent import conditions and travel with the appropriate permanent import health certification. Horses will be isolated and tested for disease, vaccinated and treated as necessary to allow them to return to the country of origin or to any other country nominated by connections.

POST ARRIVAL RECOVERY PERIOD

Horses arriving in the UAE will be restricted to their allocated compound at the Quarantine facility for up to 48 hours, depending on the length of journey.

•Horses which travel for less than six (6) hours (stable to stable) will be confined for a minimum of 12 hours after their arrival at the quarantine facility.

•Horses travelling for more than six (6) hours (stable to stable) will be confined for a minimum of 48 hours after their arrival at the quarantine facility.

During this time they will not be allowed out on the exercise track; they will be closely monitored for recovery from the journey and blood samples will be taken.

Each compound has a walking ring.

The rules are intended to reduce the risk of disease developing in horses and possibly spreading to other horses.

PLEASE NOTE: When possible, horses arriving after initial flights will spend the first six (6) days on separate quarantine location from that of horses already in the DRC quarantine facility.

KEY PRE-EXPORT HEALTH REQUIREMENTS DWCC & DWC

EU horses are permitted to remain in the UAE for a maximum of 90 days

Any EU horses staying longer than 90 days will be required to complete 30 days quarantine prior to re-export.

On the opposite page you will find a summary of the key vaccination requirements for entry of horses of all origins into the UAE from EU.

Further information in regard to pre-export health requirements will be provided directly by Janah Management Company.

Shipping Conditions

Equine influenza vaccination requirements for permanent entry into UAE-Compulsory.

Within 60 days of export but NOT within 14 days of export the horse must be administered:

- Either a valid primary course consisting of two vaccinations 21 - 42 days apart with the same vaccine (both doses must be administered with the 60 days but not within 14 days of travel.***
- Or a booster to a valid primary vaccination (21 - 42 days apart with the same vaccine) - boosters must be given within 12 months of the primary course, and within 12 months of each booster vaccination. The most recent booster must be within 60 days but not within 14 days of shipping.***
- If the primary course in the passport does not meet with the required 21 - 42 day interval, or both doses were not the same vaccine then a new primary course MUST be given.***
- If there is more than 12 months between any booster doses a new primary course MUST be given.***

If you are considering travelling your horse to DWCC or DWC please urgently send a coloured scan of the passport vaccination pages to shipping@janah.co.uk so that we can advise if there is any action to take in this regard to ensure shipping.

EQUIPMENT ACCOMPANYING HORSES ON FLIGHTS

Please note that the following items are NOT permitted to be shipped along with tack:

- Flammables***
- Medication***
- Batteries***
- Supplements***

A limited amount of feed can be shipped along with the horse(s) subject to the following:

- Available space on aircraft as advised by Janah***
- All bags must be unopened, sealed, labelled and documented according to instructions received by Janah***
- A maximum of 3 bags per horse, this is to allow time for feed deliveries to be sourced/delivered locally***

Subsidies and Incentives

- ***Subsidised horse transportation***
(Conditions apply. Please see shipping conditions)
- ***Stables open 16th December 2017***
- ***Subsidised world class facilities***

HORSE TRANSPORT

The Dubai Racing Club (DRC) will meet the cost of return transport for each horse to and from its country of residence based on 1/3 share (see previous page), providing the horse runs twice at Meydan during the 2018 Dubai World Cup Carnival.

For countries from where direct travel is not available to the UAE due to quarantine protocols, a travel subsidy will be provided to assist with shipment costs for horses.

If the horse is sold either privately or at public auction in the UAE, the return portion of the transport subsidy is forfeited.

THE DRC QUARANTINE STABLES

Dubai Racing Club quarantine stables consist of three facilities:

1. Dubai World Cup Quarantine Stables
2. International Quarantine Stables
3. Meydan Quarantine Stables

All three facilities are located adjacent to Meydan Racecourse, and approximately 25 minutes' drive from Dubai International Airport.

In the DRC quarantine stables there will be no cost related to:

- Provision of boxes
- Limited on-site accommodation (on a shared basis)
- DRC quarantine stables security staff
- Use of any Meydan training facility
- Use of shared administration office
- All electricity and water.
- Transport to and from Meydan when engaged to race.

Also, the DRC will supply a minimum of two grooms/attendants for each barn consisting of 10 boxes in the DRC Quarantine Stable, who may be utilized by any occupying trainer. Please note the DRC grooms are there to assist visiting staff and will NOT be held responsible for the horse/s in the absence of trainer or his/her employees.

Subsidies and Incentives

The following costs will be the responsibility of horse connection (owner/trainer):

- AED 100 (approx. US\$30) for hay and bedding will be charged per day per horse.
- Veterinary fees
- Farrier fees
- Feed
- Supplements/medical supplies
- Licence/visa charges

Except for those that are required to enter Pre-Export Quarantine, subsidies will end seven (7) days after the horse's final run at Meydan Racecourse.

For those horses remaining in the DRC Quarantine Stables, AED 2,000 per month (box rental only) will be charged.

STAFF AND ACCOMMODATION

Apart from housing horses in modern facilities, the DRC quarantine stables also provide stable staff with excellent on-site accommodation. Included in the staff accommodation is a recreation room, swimming pool, administration office with internet access and international telephone.

The accommodation is close to all local amenities.

The following accommodation allowances will be made:

1 - 2 horses	1 person
3 - 4 horses	2 people
5 - 7 horses	3 people
8 - 10 horses	4 people

Dubai Racing Club will accommodate at least one member of staff per trainer at on-site accommodation with additional staff members being accommodated at a nearby off-site hotel apartment complex.

Accommodation Deposit

Each trainer will be required to deposit AED1,000 damages security for each member of staff accommodated on-site. The full amount will be refunded upon the departure of the staff member if apartment/room has not sustained any damage.

Staff Transfer/Change Over Fee

Due to the newly implemented Tourism Tax for hotel/hotel apartments/accommodation there will be an administration fee levied to the trainers account for each transfer/change-over of staff made throughout the DWCC season.

PLEASE NOTE: All requests pertaining to accommodation and/or the facilities should be directed to the appropriate quarantine facility manager (please find details in Contact Directory).
